

# Adding Fractions

SUBJECT

Mathematics

GRADE LEVEL

Grade 5

DURATION

50 minutes

## Learning Objectives

- 1 Students will understand fractions
- 2 Students will add fractions

## Materials Needed

Whiteboard, markers, worksheets

## Introduction / Hook

Start with a warm-up

## Direct Instruction

Explain step by step

## Guided Practice

Work through examples

## Independent Practice

---

Complete worksheet

## ✓ Closure

---

Review key concepts

## Assessment

---
